

REPLY BRIEF IN SUPPORT OF DEFENDANT'S MOTION

Sable Ridge Matter — Final Version for Filing

This document is the clean, final version of the reply brief, cleared for filing following confirmation by Hyunwoo that Section I citations and formatting have been re-verified and are clean. All prior markup and open cite/formatting issues in Section I have been resolved and closed out on the filing status tracker.

I. Preliminary Statement

Defendant respectfully submits this reply brief in further support of its motion, addressing the arguments raised in Plaintiff's opposition and clarifying the record on the points disputed therein. Citations in this section have been re-verified for accuracy and conform to the applicable citation and formatting standards.

II. Argument

A. Plaintiff's opposition does not rebut the controlling authority cited in Defendant's opening brief. The record, taken as a whole, supports Defendant's position on each element at issue.

B. Plaintiff's characterization of the underlying facts is not supported by the evidentiary record and should be disregarded to the extent it conflicts with the documentary evidence already before the Court.

III. Conclusion

For the foregoing reasons, Defendant respectfully requests that the Court grant the motion in its entirety.
